

TOOLS/ONLINE™

TOOLS/ONLINE™ provides utilities management enhancements to your online routines

TOOLS/ONLINE™ features the following enhancements:

VTAM Multiple Session Manager

Permits 3270 CRTs under VTAM to have multiple terminal sessions active concurrently

Online CICS Map Generation Facility

Designs 3270 screen maps by painting them directly on a terminal—BMS macros are dynamically generated

CICS/VSE CRT Screen Print Facility

Provides a screen print facility that prints captured screen images to either a terminal or a line printer
